N B—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *thirty*, the candidates that selected that centre must be prepared to proceed, at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, which must invariably be the place where he is employed or ordinarily resides, or should it not be a centre, the place nearest to it where the examination is held. A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination annulled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned, at any other place, if he is satisfied that not fewer than *thirty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 20th January. Ordinarily, however, only one place will be constituted a centre for each district.

5. The oral and practical examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—*To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the Written examination, candidates are recommended to refer to Part I-B of the* Fort St. George Gazette, *from time to time.*

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognised by the Director of Public Instruction, Madras, as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils*.

N B—Heads of institutions recognised for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no applications of any *private* candidates being enclosed with these applications.

9. Each candidate must, wherever the syllabus requires it, submit, *before the* 31st *January*, the necessary drawings, plans, surveys, field books, estimates, or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are especially warned that no certified works will be valued by examiners unless the certificate of authorship is in each case quite satisfactory and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificates. Further, if any suspicion attaches to any certified works submitted by pupils from Technical Schools, the Commissioner will be compelled to recommend to the Director of Public Instruction the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (*e.g.*, the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be

sent in one and the same roll. *Also, on the outside of each roll for each subject, each candidate should enter the following particulars* in red,—

(1) Name of candidate,
(2) Place of examination,
(3) Subject,
(4) Grade, and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled up* with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they reach the Commissioner's Office on or before the 31st January, after which date no applications will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

11. Candidates in the mufassal should obtain the required application forms from the Treasury of the taluk to which they are resident or of the district to which they belong. Candidates in Mysore, Travancore and Cochin States should obtain the same from the Honourable the Resident's Treasury. Candidates who are residents of Madras should apply for application forms at the Office of the Commissioner for Government Examinations, Old College, Nungambakkam, and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mufassal requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations:—

	Elementary.	Intermediate.	Advanced
	Rs.	Rs.	Rs.
For each subject	5	5	10

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Bank of Madras, and the receipt given by the Treasury Officer or the Bank of Madras attached to the application, which must in every case reach the Commissioner's Office on or before the 31st January. *On no account will the fees be returned to the Commissioner's Office whether sent in cash or by Post Office orders. No application will be registered unless it reaches the Commissioner's Office by the date prescribed.*

NOTE.—*At Madras, in the case of all pupils, the fees should be collected by the headmaster and sent in a lump sum to the Bank of Madras together with two lists of the pupils, one of which will be retained by the Bank and the other signed and returned to the headmaster. This latter list should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to headmasters on application.*

14. Each application should be sent direct to the undersigned, post paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened to it.*

To provide for the contingency of some of the candidates selected not joining the training schools, a few more than the sanctioned number will be selected by the Inspector of Schools for each range. All selected candidates who present themselves at the training schools on the opening day will be admitted; those who present themselves later will be admitted in the order in which they present themselves but only up to the number of sanctioned vacancies

6. The list should include no one who has not been a teacher or concerning whom there is a doubt whether he really intends to make teaching his profession

7. In the selection of candidates for training next year, those who were awarded stipends this year but were refused admission on account of their not appearing in time might have a first claim for admission.

8 In addition to Provincial stipendiaries, candidates whose stipends are paid by Local or Municipal Boards will be admitted for training, as also private candidates as free students.

9 As regards qualification for admission only those candidates who have passed the annual examination of the third form or seventh standard and have been found fit for promotion to the fourth form or have been awarded an elementary school-leaving certificate of the seventh standard are eligible for admission into the elementary higher class and only those who have passed the late Primary examination or a corresponding public or school examination or whose attainments in the opinion of the Inspecting officers are not lower than these are eligible for admission into the elementary lower class. Preference should be given, as much as possible, to candidates whose educational

attainments are above these minimum requirements. The certificate of general education should be sent in original with the application. The certificate of physical fitness need be produced only by the candidates chosen as stipendiaries. Separate conduct certificates need not be submitted by candidates whose applications are signed by an Inspecting officer.

10. In cases in which the number of candidates applying for training is in excess of the number for which there is provision, the selection should be made on the result of an entrance examination conducted by the Sub-Assistant Inspector of Schools. The number of stipends available for each range is ten.

11. Printed forms of application can be obtained from the Assistant and Sub-Assistant Inspectors of Schools.

12. Applications completed in accordance with the above instructions should reach the undersigned before the 1st February 1914.

13. Admission into training schools for masters under private management will be regulated by rules 2, 10 and 11 in addition to those contained in Chapter X of the Madras Educational Rules.

Buoy established; Upper Crossing Buoy moved.

Notice is hereby given that the following changes have been made in the buoyage of the eastern edge of the Johnson Flats:—

A 6-foot conical Buoy, painted *black*, and named the Pagoda Buoy, is now moored in 33 feet of water at low water of spring tides, to mark the eastern edge of the Johnson Flats. From the Buoy, Langshan Pagoda bears N. 82½° E., distant 3·9 miles.

The Upper Crossing Buoy has been moved 1·5 cables to the eastward of its former position owing to the extension of the Johnson Flats. The Buoy is now moored in 28 feet of water at low water of spring tides. From the Buoy, Langshan Pagoda bears N. 66° E., distant 5·25 miles.

A recent examination of the Langshan Crossing shows that in the vicinity of the Upper Crossing Buoy the channel has now a breadth of only 3½ cables between the 5 fathoms contours, and that the crossing in general is in a state of rapid change.

MINUTES OF MEETING.

Minutes of a Board Meeting, No. 19 of 1913–1914, held on the 19th December 1913

PRESENT:

The Hon'ble Sir Francis J. E. Spring, K.C.I.E., *Chairman*.

Mr. H. H. Hood.

259. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Friday the 9th December 1913.

260. Recorded that on the 15th December 1912, the 56th anniversary of the day on which it was originally laid by His Royal Highness the then Prince of Wales, afterwards King Edward VII, the harbour foundation stone was moved with circumstances of respect and ceremonial, from its original site—a site that in the lapse of years had become unsuitable—to a new site, near the centre of the West quays now under construction and of the new central Harbour offices opposite to another stone of similar dimensions, recently erected, which commemorates the landing at Madras on the 24th January 1906 of His Majesty the King-Emperor, George V, when Prince of Wales. The position of the pair of stones is such that, on the completion of the quays, most of the human traffic of the harbour will pass between them.

261. Read a draft set of rules submitted by the Chairman for the berthing of vessels in the Port of Madras.

Resolved to adopt the rules, and that they be brought into force at once.

262. Read note by the Chairman making proposals for the insurance of the Trust's buildings, valued for the year 1914 at Rs. 14,30,000.

Resolved that the buildings in question be insured for the year 1914 for Rs. 14,30,000 and that the risk be divided equally between the following ten companies:—

Company.	Madras Agents.
1. Atlas Assurance Co., Limited ..	Messrs. Binny & Co., Limited.
2. Norwich Union Fire Insurance Society.	The South India Industrials, Limited.
3. London Assurance Corporation and Unico Assurance Society, Limited.	Messrs. Gordon, Woodroffe & Co.
4. Royal Insurance Company, Limited. (Fire and Life), Liverpool.	Messrs. Oakes & Co.

7. London and Lancashire Fire Insurance Company.	Messrs. Alexander & Co.
8. New Zealand Insurance Company, Limited. (Fire and Marine).	Messrs. Parry & Co.
9. Liverpool and London and Globe Insurance Company.	Messrs. Alfred Young & Co.
10. South British Fire and Marine Insurance Company, Limited, New Zealand.	Messrs. Best & Co.

263. Read note by the Chairman submitting for sanction an estimate amounting to Rs. 4,10,000 for the further equipment of Madras harbour with hydraulic cranes and machinery.

Resolved that the estimate be approved and be submitted to Government for sanction under section 76 and for sanction to the debit of the expenditure to Capital under section 75 of the Madras Port Trust Act—funds to be provided from the Trust's Revenue balances subtracted as these will be by the proceeds of the 50-lakh loan.

264. Read again Board Resolution No. 245, dated the 5th December 1913. Read also a note by the Chairman submitting a plan and an estimate amounting to Rs. 1,400 for the building referred to in the above resolution.

Resolved that the plan and estimate be approved and that the expenditure be debitable to Revenue head 9, Engineering and Maintenance (vii), New Minor works.

265. Read again Port Trust Board Resolution No. 219, dated the 21st November 1913. Read also a note by the Chairman explaining that the Military Authorities had revised the estimate of the new rifle range from Rs 7,564 to Rs. 8,578.

Resolved that, in consequence, the figure Rs. 44,564 be altered to Rs. 45,578 in the resolution above referred to.

266 Read note by the Chairman, supporting a recommendation by the Trust's Traffic Manager recommending, for reasons given, that by-law No. 8 be amplified.

Resolved that Government be asked to make the following alterations in the Port Trust bye-laws as sanctioned in *Fort St. George Gazette* Notification No. 70, dated 23rd October 1912 :—

Bye-law 8 (i).—The words "or survey" to be inserted after the word "examination" in two places.

Bye-law 8 (ii).—The words "or for survey at the request of the steamer agents or of the owners of the goods" be inserted after the word "appraisement." Also the words "if opened for appraisement or for Customs examination or at the written request of the owner if opened for survey" be inserted between the words "Customs Department" and "they shall".

Bye-law 8.—A new clause (iii) to be inserted as follows :—*Removal of opened packages.*—Goods opened for appraisement, examination or survey, which the owner does not intend to restore to the Port Trust as laid down in clause (ii) of the bye-law, must be removed from the Trust's premises immediately after the appraisement, examination or survey shall have been completed.

267 Read notes that have passed between the Chairman and the Traffic Manager from which it is clear that paragraph 10 (c) of the "*Statement of Services*" embodied in the sanctioned scale of rates requires immediate amendment in order to prevent a share of wagon demurrage charges falling, inequitably, on the general body of the Trust's clients instead of, as intended, solely on those concerned with the wagons.

Resolved that Government be asked to sanction the following revision of paragraph 10 (c) of the "*Statement of Services*" embodied in the Port Trust's scale of rates :—

Instead of the present clause (c), the following to be substituted :—

(c) *Demurrage.*—When railway vehicles which have been made over by the Railways to the Trust, for use, within the Trust's premises, by firms or individuals, are detained beyond the free period agreed to between the Trust and the Railways from time to time, all demurrage charges for which, according to the Railway demurrage scale, the Trust may become liable shall be paid by the firms or individuals for whom the wagons have been obtained, whether such detention can be shown to have been due to the firms or individuals in question or to the Trust, acting as agents in their interest.

268. Read notes that have passed between the Traffic Manager and the Chairman on the subject of the very serious congestion in the Trust's sheds which has been getting worse for several months past.

Resolved that, in the general interests of trade which is now impeded seriously by some importers finding it more convenient to use the Trust's sheds for the storage of their goods at their own convenience instead of clearing them as fast as practicable, Government be asked to revise paragraph 6 (c) of the "*Statement of Services*" embodied in the Trust's scale of rates as follows :—

Delete the lines between the words "following rates" and "on wines and spirits in bulk" and *substitute* the following :—

For the first week, or portion thereof—

(i) On goods whose relative harbour import application covers 50 tons and over—As. 2 per ton per day.

(ii) On goods whose relative harbour import application covers more than 10 tons but less than 50 tons—As. 4 per ton per day.

(iii) On goods whose relative harbour import application covers 10 tons or less—As. 8 per ton per day.

For the second week, or portion thereof—

Twice the above rates

For the third week and succeeding weeks, or portions thereof—

Three times the rate for the first week.

269. Read notes that have passed between the Traffic Manager and the Chairman on the subject of the custom which has grown up of merchants, dealing in what are locally known as "sundry imports", making use of the Trust's shedding as a warehouse from which to sell their goods, to the serious inconvenience of others.

Resolved that the misuse in question of the Trust's shedding by the class of firms referred to can best be prevented (1) by steamer agents refusing to grant a delivery order for less than the complete bill-of-lading quantity (2) by the Trust refusing to accept a delivery order for less than the complete bill-of-lading quantity and (3) by the Trust insisting that not more than one harbour import application shall be filed for each bill-of-lading. Resolved also that the Chairman issue instructions for giving immediate effect to the latter two courses of action.

270. Read note by the Chairman on Government Endorsement No. 1354-2, dated the 12th December 1913 referring for remarks letters from Messrs. Gordon, Woodroffe & Co and Messrs. Best & Co on the subject of the draft explosives rules now under consideration of Government.

Resolved that Government be informed that in the opinion of the Port Trustees it must be left to the importers of dynamite and similar high explosives to provide themselves with sufficient masulah boats for the expeditious landing of these imports outside the enclosed harbour.

271. Read Government endorsement No. 2934-2, dated 9th December 1913, referring, for remarks, correspondence regarding a certain proposed amendment in the petroleum rules.

Resolved that the proposed amendment be approved and that Government be informed to that effect.

272. Read note by the Trust's Chief Engineer and draft letter by the Chairman to the Chief Secretary to Government, Marine Department, submitting for sanction a supplemental estimate amounting to Rs 40,000 providing funds to meet expenditure during the current year on certain works, and proposing certain additions and alterations to the granite already sanctioned for other works.

Resolved that the supplemental estimate be approved and be submitted to Government for sanction under section 87 of the Madras Port Trust Act.

273. Read application, dated the 14th December 1913, from the Trust's Chief Accountant, Mr. Munro Marden, for 25 days' privilege leave from the 15th December 1913.

Resolved to adopt a letter, written in anticipation of the Board's approval, by the Chairman to the Chief Secretary to Government, Marine department.

274. Read and recorded G.O. No. 374, Marine, dated 4th December 1913, passing orders on the Board's proposal for enhancing the scale of salary of the Trust's Traffic Manager.

275. Read note by the Chief Engineer suggesting certain changes in the Accounts Section of the Engineering Department.

Resolved that the proposed changes be approved for embodiment in the Budget Estimate for 1914-15.

276. Read note by the Chairman recommending, for reasons given, that the services of checker B. Krishnaswami Nayudu be dispensed with, by giving him one month's notice.

Resolved to adopt the recommendation.

277. Resolved, under circumstances explained by the Chairman, that the services of Import Register Clerk Dandapani Aiyar be terminated forthwith.

278. Resolved to sanction a list of claims amounting to Rs. 26-5-6 paid by the Chairman during the month of November 1913.

279. Recorded statement showing the purchases of English materials made by the Board's purchasing Agents in England, of which information was received in November 1913.
